JUN 15 1959

I have just returned from a trip abroad  
to find your letter of the 14<sup>th</sup> of May, which  
must have arrived on the heels of my departure.  
I will have to give your suggestion my earnest  
attention, and discuss it with some of my  
colleagues. Till then, please accept this acknow-  
ledgment & thanks.

Jeffrey Lederberg
